This year's Yearbook Staff consisted of fifteen students working in class and after school to meet deadlines so you could have this book you have now in your hands. Everytime you turned around there we were with a camera taking pictures or a notepad interviewing until we had the Yearbook completed. There were a lot of new ideas used in the book that were never used before, for instance, the cover which was drawn by Wynn Farr.

The staff started on the book before the school year even started. They had workshops to learn how the book was going to be presented. The cover took six months to draw so you can tell there has been a lot of work put into the book. The staff had to work to gather as a team or the book wouldn't have been completed on time.

"We really enjoyed working on the book and are proud of its turn out. We are the learn, the Family, the Yearbook Staff, so Look Out Future Here We Come." quoted by me, The Editor-Scott Miller.

I worried about starting school this year.
Would I make new
friends and have an
exciting year?

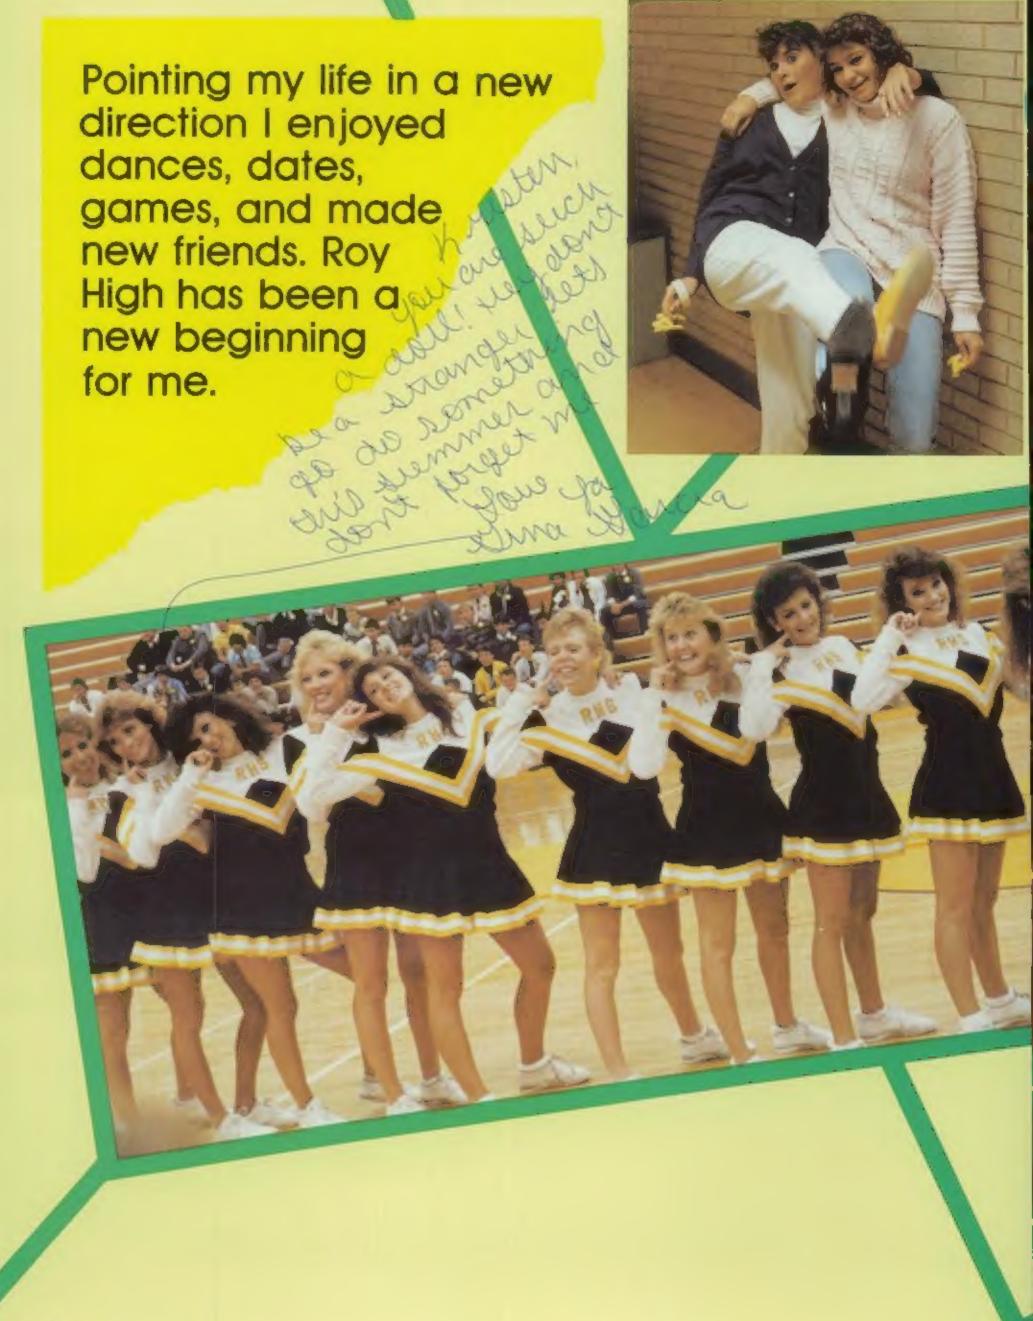

I had questions then that couldn't be answered.

"So look out future, here I come" I've got my feet headed in the right direction, my eyes wide open, and I am ready for just about anything.

Student Body Pres. Darin Grange

Rist Vice Kellee Porter

Second Vice Condro Cragun

This year's studentbody officers loved their work. The studentbody officers were Darin Grange, president, Kellee Porter, first vice president; Candra Cragun, second vice president; Jodie Karras, secretary, and April Avitt historian.

The studentbody officers were involved in a lot of extra curricular activities, such as Homecoming. They were also in charge of assemblies and hosting the Utah Association of Student Councils. The student-body wanted a new approach to some problems and they responded with a new announcement policy and selection of a Senior and Teacher of the week

They became more effective officers because Mr. Jeffs and Mr. Russell taught them in a Student Government class.

The officers have really enjoyed working with the students in making this year a great success. They feel that this year has been one of the best and most memorable years at Roy High.

The Senior Class Officers of 86-87 were: President – Riko Reese, Vice President – Lori Larsen, Secretary – Brenda Galloway, Senators – Kim Avery, Melinda Hull, Laura Jeffery, Carol Potokar, and John Ulibarri.

They first made their grand entrance at the opening assembly in their fatigues and helmets which was donated by Hill Air Force Base. The officers met every seventh hour so they could put their heads together to plan the activities throughout the year. Their advisors were Miss Olsen, Mr. Hadley, and Mr. Anderson. Some of the activities that they were involved in were graduation actryities like the senior movie, the senior dinner, the senior gift, the senior superlatives, and the Senior Cottillion. They also worked with the Studentbody Officers In planning other activities for instance pep assemblies and special assemblies. Without those officers to head the Senior Class we would be out of a lot of exciting activities like we had this past year

They all agreed that the attitude of Roy High has changed considerably. Miss Partish commented. The Royals are proud to be Back in Black."

A main goal of the fantastic four has been to jet all kids in school and on time. The next goal was to make Roy High a good place for kids to earn. Each agreed that teaching at Roy High has been an extremely en oyable experience, copy.—
